LEUKOMED® LA CUSHIONS AND PROTECTS.

Leukomed® LA consists of a low adherent wound dressing designed for low to moderate exudate management. **Leukomed® LA** provides reliable, non-stick absorption suitable for surgical wounds, clean sutured wounds, abrasions and minor burns.

PROTECTS SKIN INTEGRITY

The soft and absorbent wound pad reduces the risk of skin maceration, blistering and ensures atraumatic dressing changes enabling high wearing comfort for the patient

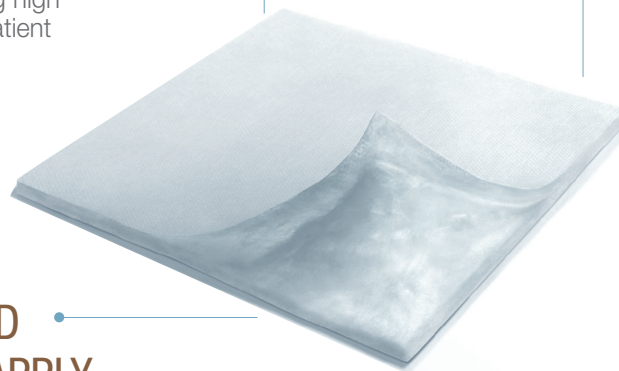

ABSORBENT COTTON PAD

The highly absorbent cotton pad is designed to cushion and protect providing improved patient comfort

With excellent strike through, **Leukomed® LA** requires fewer dressing changes and reduced trauma to the healing tissue providing comfort to the patient

QUICK AND EASY TO APPLY

Leukomed® LA has a wound contact layer on either side, enabling precise placement and less confusion upon application
