

# BRACE CLEARANCE

End of line premium  
BioSkin™ supports  
**REDUCED TO  
CLEAR\***

up to  
**75% OFF**  
WHILE STOCKS  
LAST

The **BioSkin™ Gladiator** uses a rigid hinge to protect knee ligaments, including after reconstruction. The rigid strapping system firmly anchors the Gladiator to the leg, avoiding the need for larger, more expensive braces. Pins in the hinges may easily be set to limit flexion and/or extension.

# **bioskin™ OA spiral knee**

The **BioSkin™ OA Spiral** combines unloading in the tibiofemoral joint with realignment in the patellofemoral joint. Using a spiral strap, the OA Spiral engages a three-point leverage system to comfortably pull the knee out of varus or valgus and decrease pain in the affected compartment.

# **bioskin™ Q Brace**

**NOW**  
**\$45.00**  
was \$93.50

The **BioSkin™ Q Brace™** unique design allows multidirectional traction of the patella. The "T" strap prevents dislocation and may be attached in various positions to regulate the direction of the traction on the patella. The design of the brace causes the force of traction to increase as the knee goes through a range of motion.

**CODE** BS41612 Medium

# **bioskin™ visco knee skin**

**NOW**  
**\$45.00**  
was \$91.30

The **BioSkin® Visco Knee Skin™** is an excellent all-purpose knee brace. The Visco gel ring around the patella provides passive massage to remove swelling and decrease pain. The brace is comfortable enough to wear all the time and may be especially useful after arthroscopy to speed recovery. Finger loops for easy application.

**CODE** BS41715 XX-Large

# **bioskin™ Patella Premium "J"**

**NOW**  
**\$35.00**  
was \$88.50

**60% off**

The **BioSkin® Premium J brace.** has a buttress on the outside of the patella that prevents dislocation. The two elastic straps that cross over the knee help seat the patella in the trochlear groove to increase surface contact area and decrease pain.
