

A woman with dark hair tied back is shown from the chest up. She has a large, circular, translucent adhesive bandage (Leukomed) on her right shoulder. A hand is using a white, teardrop-shaped sponge to clean the skin around the bandage. The woman's eyes are closed and she has a slight smile. The background is a soft, out-of-focus blue.

Leukomed®

LEUKOMED® CONTROL CONTROLLING THE RISK CLEARLY

MINIMISE EFFORT,
MAXIMISE CONTROL

THERAPIES. HAND IN HAND.

BSN medical

LEUKOMED® CONTROL

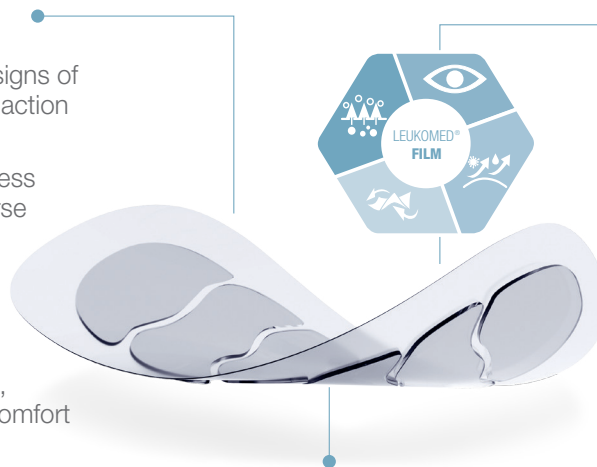

MINIMISE EFFORT, MAXIMISE CONTROL.

The complete transparency of **Leukomed® Control** enables easy monitoring of healing progress without changing the dressing.

- **Leukomed® Control** reduces the total number of dressing changes per patient, thereby providing a cost-effective solution.
- Minimises disturbance to the newly epithelialised skin allowing for optimal wound healing
- Reduces the risk of infection by keeping the microbial barrier intact, allowing for optimal infection prevention

COMPLETELY TRANSPARENT COMPOSITION

- Early detection of first signs of infection when prompt action can be taken
- Confirms healing progress to both patient and nurse without dressing changes
- Less effort, cost and time
- Less stress on the skin, assisting with patient comfort

EASY TO APPLY WITH UNIQUE APPLICATION TECHNIQUE

- Simple step-by-step application with unique red tab technology allows for precise placement and quick wound protection

ULTRA THIN AND CONFORMABLE FILM

Sterile barrier

- Protects reliably against water, bacteria and viruses
- Reduces the risk of SSI

Highly breathable and conforming

- Prevents skin maceration and tension blisters
- Ensures high wearing comfort even on contoured body areas for secure and optimal infection prevention

Excellent adhesion

- Provides gentle, yet strong hold

ORDERING INFORMATION

Ref-No.	Size	Pad Size	Items per Box
Leukomed® Control			
73230-00	5 x 7 cm	2 x 4 cm	10
73230-01	7 x 10 cm	4 x 7 cm	10
73230-02	8 x 15 cm	4.5 x 11.5 cm	10
73230-03	10 x 24 cm	6 x 20 cm	5
73230-05	10 x 35 cm	6 x 31 cm	5

Indications

Leukomed® Control is indicated for dry and low exuding acute wounds such as surgical incision, lacerations and abrasions.

Recommendation: ideal for use on patients who are predisposed to infections.
