

USL STABILISER MOON BOOT TALL & SHORT

Maximum stability
and support following
injury or post-operative
procedures

PLASTIC MOULDED UPRIGHTS

With steel reinforcement, for increased durability.

ROCKER SOLE

Helps promote a natural gait to allow continuation of daily activities.

SHOCK-ABSORBING INSOLE

Reduces impact of heel strike when walking.

CONTOURED STRUT DESIGN

Allows the walker to conform to the leg, ensuring a better fit.

WIDE FOOTBED

Provides increased stability, comfort and accommodation for edema and bandages.

Indications

- Acute ankle sprains
- Soft tissue injuries
- Stress fractures of the lower leg
- Stable fractures of the foot and ankle
- Achilles tendon repairs
- Post-operative procedures

Find your size

| BOOT SIZE | MENS SHOE SIZE | WOMENS SHOE SIZE | FOOT LENGTH |
|-----------|--------------------|-----------------------|---------------|
| X-Small | Kid's 1½ - Men's 4 | Kid's 1½ - Women's 5½ | 20 - 22cm |
| Small | 4½ - 6½ | 6 - 8 | 22 - 24cm |
| Medium | 7 - 9 | 8½ - 10½ | 24.5 - 26cm |
| Large | 9½ - 12 | 11 - 12+ | 26.5 - 28.5cm |
| X-Large | 12½ - 14 | | 29 - 30cm |

For foot length, measure foot from heel to toe.

SPECIAL CONSIDERATIONS

Consider a **LARGER BOOT** if you're near the maximum size **AND** these apply:

- You wear wide shoes
- You will use bandages or thick socks
- You have swelling
- You typically like a looser fit

Consider a **SMALLER BOOT** if you're near the minimum size **AND** these apply:

- You wear narrow shoes or have slim feet
- You typically like a tighter fit
