

Microshield* Skincare Products

The Total Solution

Microshield*

Antimicrobial Hand Gel

A unique, patented waterless wash combining both initial and persistent antimicrobial activity with long lasting skin moisturisation. An essential component in an infection control program to help prevent the spread of infection from patient to patient.

Johnson & Johnson
MEDICAL PTY. LTD.

It's in our nature to care.

Microshield* Antimicrobial Hand Gel

Easy to Use

- You won't need a sink
- You won't need a towel
- You simply rub it into your hands

Fast Acting

- Broad spectrum of activity
- Extensive clinical evidence

Persistent Antimicrobial Activity

- Persistent antimicrobial activity against resident organisms for up to 6 hours and transient organisms for up to 1 hour

Moisturising

- Contains synthetic lipids to help restore dry skin to a healthy condition
- Offers soothing moisturisation even after repeated applications
- Dermatologist tested

Features	Benefits
Gel appearance with a lotion feel	Pleasant to use, cosmetically appealing
Mild fragrance	Eliminates the harsh smell found with alcohol products
pH 6.5	Gentle on skin, kind to hands
Chlorhexidine gluconate free	Meets needs of all health care workers, including those sensitive to chlorhexidine
125ml flat shaped flip top bottle and 500ml pump pack	Flexible for use where sinks are not available, offers health care workers a 'mobile sink'
Contains moisturising agents	Improves skin integrity, increases handwashing compliance
Dermatologist tested	Mild formulation
Fast acting	Rapid activity meets the demands of busy staff
Broad spectrum of activity Contains 61.5 % v/v Ethanol	Can be used with confidence throughout the hospital

Directions for Use: Apply 5ml (at least a palmful) of gel on one hand. Spread over all surfaces of both hands and allow to dry without wiping. For soiled hands wash with MICROSHIELD* Skincare Cleanser (or equivalent) and water before using.

Indications: Suitable for use as a hygienic hand gel in circumstances where a cleanser and water are not available. Kills bacteria without water. Designed for use between handwashes.

Storage: Store below 30 °C
