Antimicrobial dressing  
technology with  
No contraindications

#### PRODUCT BENEFITS

**Binds wound** bacteria rapidly and effectively.

**Reduces the** bacterial load and supports the natural wound healing process.

**No undesirable** side effects, no development of bacterial resistance.

#### Sorbact® eliminates wound pathogens without chemical agents

Once bound to the **Sorbact®** dressing, bacteria and fungi are rendered inert – and prevented from multiplying or releasing harmful toxins. They are then removed from the wound intact which allows for fast, effective natural healing.<sup>1</sup>

1. Ljungh A, Yanagisawa N, Wadström T (2006). Using the principle of hydrophobic interaction to bind and remove wound bacteria. J Wound Care. 15: 175-180.3.
