# SARS-CoV-2 Rapid Antigen Test Nasal

25 TESTS

\$105.00 +gst

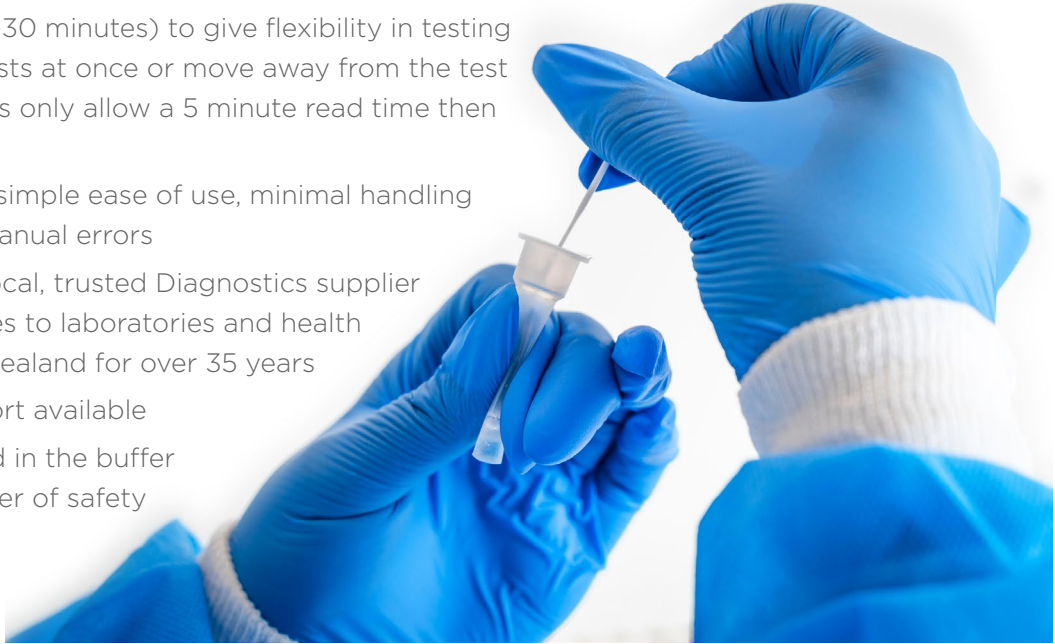

CODE 20346 CLICK TO ORDER

\$4.20 per test

### BENEFITS

- Fast results with a 15 minute turnaround time
- Large read time window (15-30 minutes) to give flexibility in testing and easier to run multiple tests at once or move away from the test area if needed (some devices only allow a 5 minute read time then the result is invalid)
- Prefilled reagents to ensure simple ease of use, minimal handling steps, and reduced risk of manual errors
- Roche Diagnostics NZ is a local, trusted Diagnostics supplier supplying goods and services to laboratories and health providers throughout New Zealand for over 35 years
- Training and technical support available
- Virus inactivation is achieved in the buffer after 2 minutes, adding a layer of safety
- CE-IVD and TGA Approved
